## College Grievance Redressal Committee

### About the committee

For the benefit of the College Grievance Redressal Committee, Bhuvan Malti College of Education, Motihari has kept an open and equally effective grievance redressal procedure. The entire burden of ensuring that all students and employees have a happy, safe, and secure learning environment is on the shoulders of the college administration. In accordance with UGC regulations (2019), the College Grievance Redressal Committee was founded in 2020 to address the concerns of the various college sections. Since its establishment, the Committee has been essential to the administration structure. The Committee, which operates directly under the Head of the Institution, has been working tirelessly to create a peaceful and supportive environment for all members of the college community.

The Committee receives the grievances that the principal has received, and depending on how serious the problem is, they take turns resolving it. Every College student is entitled to an appeal for remedy about any academic issue. Should a dispute occur about grades, course requirements, staff behaviour, excessive fines, or any other issue, the student may formally file a grievance with the CGRC for official consideration. The student who feels wronged may get help from a Student Representative in making their case. The Committee's UGC standards are followed during the hearing on the subject.

### Aims & Objectives

- To receive formal complaints about the college system in writing from employees and students.
- To establish a supportive environment for learning and put in place a productive system for managing the reports.
- If more action is required, forward the conclusions and recommendations to the Management Body.
- To advocate and address the legitimate complaints regarding the relevant part.
- To strictly assess and authenticate the veracity of the grievances that have been reported, without diminishing the seriousness of the situation.
- To lead and call meetings within the Committee to discuss upcoming problems, whether they are resolved or not, and start monitoring till the matter is resolved.
